Phnom Penh, 6 April 2000

Deputy Prime Minister and Ministry of Economy and Finance  
Informs to  
His Excellency Royal Government Delegate  
in charge of Governor of Phnom Penh Municipality  
His Excellency the Governor of Cities and Provinces  
throughout the Kingdom of Cambodia

Subject: Implementing the policy on the Right-of-way policy for national road, provincial road, commune road, and railroad in the Kingdom of Cambodia.

Reference: Prakas No. 06 of Royal Government of Cambodia dated 27 September 1999.

Having mentioned in the above subject and reference, I have an honor to inform you that based on experience in solving the problem for household and land of effected people living along the national road, the working group of Inter-ministerial Resettlement Committee have been facing many complications including people that are invading the right-of-way to be their own property and unstoppable buying and selling [those land]. There are also people building a shop, cottage and house and growing vegetable on the right-of-way. Pursuant to prakas no. 06 of RGC dated 27 September 1999, the right-of-way of road and railroad reserved for the infrastructure development, have been determined as below:

- National road with one digit number such as 2, 3, 6 and 7—25m both side from road middle point except national road number 1, 4 and 5—30m from middle point.
- National road with two digit number such as 11, 22, 64, 78—25m both side from road middle point
- Provincial road—20m both side from road middle point
- Commune road—15m both side from road middle point
- Railroad—20m both side from road middle point for road located in the City center, provincial center and populated area
- Railroad—30m from both side of the middle point for road located outside the city center.
- Railroad—100m both side from road middle point for railroad located in mountainous or forestry area

To implementing the prakas no. 6 effectively, MEF would like to inform that the RGC will not use national budget to compensate anything that situated on the road and the railroad right-of-way.
